MEMORANDUM FOR: Director, Budget, Program Analysis
and Manpower

SUBJECT : Bureau of the Budget Circular A-66,
"Reporting on Motor Vehicle Fleet"

Your attention is invited to the 155 page report which has been assiduously prepared by the Office of Logistics in mute compliance with the subject circular. The burden of this three pound report is that the Agency has vehicles plus rented vehicles world-wide. Careful examination will reveal how many vehicles meet the age standard for replacement and how many meet the mileage standard. It is hoped that your influence can prevail in alleviating the Agency from this particular exercise.
